Frequently Asked Questions

Where does the information about each school come from?

Each school's information is provided by a representative of the school via an online form. Aside from slight formatting changes, the information is published exactly as it is received. Always check with schools directly to confirm the information here is up-to-date and correct.

Who creates and publishes the Preschool Booklet?

The MOMS Club of Alexandria City compiles and distributes the Preschool Booklet every fall for the following school year. The Club is a chapter of MOMS Club International, a 501(c)3 organization.

Why isn't ___ school included?

We reach out to as many preschools as we can find with an invitation to participate. Outreach is conducted via email and follow-up phone calls. It is then up to individual school administrators to complete the participation form in order to be included in the booklet.

If you know a school who would like to be included, please have the director or other school representative reach out to momspreschoolfair@gmail.com to be included next year.

Why are daycare centers included in the Preschool Booklet?

Our main intent is preschools. However some facilities that identify as a school also offer infant care. And some facilities that identify as a daycare offer an academic curriculum and follow a school schedule. We've chosen to take a broad scope and be more inclusive than not.

How can a school be included in future Preschool Booklets?

Please have the school director or other school representative reach out to momspreschoolfair@gmail.com to be included in next year's Preschool Booklet.

What if I notice an error in the Preschool Booklet? Can it be corrected?

The information is published as it is received from each school. That being said, mistakes can happen during submission and formatting. We are happy to correct an erroneous information when requested by a representative of the school. Please email momspreschoolfair@gmail.com to make such a request.

2026-2027 Open House: Yes Friday, Dec 5, 2025 9:15-11:30 am; Rolling tours, children welcome!

Registration Information: Opens at 12:00am on Monday, January 5, 2026.

School Goals/Philosophy:

The primary goals of the Day School include teaching each child that he/she is of great worth as a unique being in God's creation; that adults other than parents are helpful, friendly, and fun to be with; that group experiences with other children are exciting and gratifying; and that school is a fun and exciting place. We try to help each child grow toward his or her full potential, develop a love for learning, feel a sense of security, and think and act creatively. At all levels, the typical Day School morning includes verbal and gross and fine motor skills development through activities such as circle time, sharing time, use of manipulatives, and playground and/or Founders Hall free-play time. Creative and social development is fostered through daily arts and crafts, music (either participatory or listening), "reading" and story time, and other play activities. Please come visit and see all the wonderfully creative ways your child can learn!

School Goals/Philosophy:

Alexandria Schoolhouse in Old Town Alexandria was created from a simple belief: every child deserves an educational experience that honors their natural curiosity and innate desire to learn.

Inspired by Reggio Emilia, the Montessori approach, and other progressive educational traditions, Alexandria Schoolhouse offers a thoughtfully designed program that blends the best of these philosophies into something uniquely our own.

At the heart of our program is the relationship between teacher, child, and family. As teachers, we act as guides and co-constructors of discovery, carefully observing children’s interests and questions to shape meaningful, hands-on experiences. We see children as capable, creative, and full of potential and every aspect of our environment, curriculum, and community is designed to nurture that potential.

Other Information:

We are opening in Fall 2026 and are currently enrolling our founding families for the 2026-2027 school year!

School Goals/Philosophy:

BASIS Independent McLean is an age 2-grade 12 private school. Our Early Learning Program (Age 2–Kindergarten) is designed to empower each child, creating a balance between a child’s natural tendencies—to question, explore, and create—and intentional, academic learning. A key goal of the Early Learning Program is to inspire students to delight in learning. Fostering this as early as possible for our students leads to future academic and lifelong success.

Other Information:

We take a developmentally appropriate approach to fueling academic, social, and emotional growth.

Our Discovery Blocks of Learning curriculum offers an impressive array of courses that foster early numeracy, literacy, and awareness of the ideas and topics to come in later years. Students learn through developmentally appropriate play, music, and exploratory activities to help make high-level material more accessible.

The Discovery Blocks of Learning include: Social & Emotional Development and Self-Care Skills; Language & Literacy; Math Discovery; Expressive Arts - Art, Music & Drama; Mandarin; Movement & Physical Education; World Discovery; STEM Discovery

2026-2027 Open House: Yes Tues, Feb 17, 2026

Registration Information: 2026-2027 registration opens February 24, 2026.

School Goals/Philosophy:

We were founded in 1959 to provide a Christian education for young children and as an outreach to their families.

Our goal is to nurture each child's spiritual, emotional, social, and academic growth in a Christ-centered environment. We aim to foster a love for learning and cultivate Christian values such as love, kindness, patience, and respect while preparing our students with the foundational skills they need for future academic success.

Other Information:

Bethany Lutheran offers programs for children ages 18 months through 3rd grade and homeschool programs for Kindergarten through 3rd grade.

We believe that every child is a unique creation of God, deserving love, respect, and the opportunity to grow in faith and knowledge. Our school provides a safe and caring atmosphere where children can explore, learn, and develop through play, creative activities, and structured lessons.

Rooted in the teachings of Jesus Christ, we integrate biblical principles into everyday learning, helping children understand their relationship with God and others. By fostering a partnership with families, we strive to support the holistic development of each child in mind, body, and spirit.

 Wed, Jan 7, 2026
 Wed, May 6, 2026

Registration Information: Open Registration

School Goals/Philosophy:

Blessed Sacrament School’s Early Childhood Center is a play based, developmental Catholic preschool. Our ECC provides an education that is a developmentally appropriate and productive avenue for the characteristics of a complete educational process through play and focused on Christ’s love. It develops initiative, imagination, and interest. Play is inherently individual and has no predetermined expectations. There can be no “failure” in play. Each child is free to succeed at self-chosen tasks, and this success leads to feelings of competence, self-worth, and the willingness to try new things.

The “Foundation Blocks for Learning” developed by the Commonwealth of Virginia provides the foundation for the curriculum to include: literacy, mathematics, science, history, social sciences, and physical and social/emotional development. The “Kindergarten Readiness Testing” results show that our ECC provides a solid foundation in Language Arts and Math skills for success in the elementary years.

Other Information:

Running September through May, our ECC offers 4 classes for preschoolers, divided by age. All preschool students must be 3 years of age by Sept. 30 (fully potty-trained; no pull-ups are allowed). Class sizes run 16:2 or 18:2 for a student/teacher ratio.

School Goals/Philosophy:

At Bright Horizons we believe that environment is the key to creating a joyful place for childhood; and we put a great deal of thought and care into creating those joyful places. In keeping with Reggio Emilia and Montessori philosophies, our designs consider not only what children need in a space, but how they will use it. We know our centers will form an integral part of a child's earliest learning; and with that in mind, we carefully curate high-quality materials for every center to create beautiful environments with rich, open-ended experiences that nurture development and inspire learning.

Other Information:

At Bright Horizons at Old Town Alexandria, we believe in nurturing the whole child through engaging, hands-on experiences. Our center features dedicated enrichment spaces designed to spark curiosity and creativity:

Movement Matters Zone – Promotes physical development and active play.

STEM Lab & Art Studio – Encourages exploration, innovation, and artistic expression.

Growing Readers Library – Fosters a love of reading and early literacy skills.

Registration Information: The enrollment process begins November 1, 2025 and must be completed February 1, 2026.

School Goals/Philosophy:

Browne Academy began as one of the first integrated schools in Virginia. Today that spirit of inclusion endures, as our core values – excellence, diversity, character, and community – are an integral part of our school’s tapestry. By encouraging all members of our community to exemplify these values every day, we are building a foundation of empathy and respect that will serve our students throughout their lives.

We believe in providing our students with experiential learning opportunities that encourage thoughtful questioning, personal engagement, use of the greater community, and a deeper understanding of the world. Through our inquiry-based approach, we strive to foster our students’ natural curiosity and develop their lifelong love of learning. We intentionally keep our class sizes small to nurture each child’s academic, social, and emotional growth. Students feel safe and cared for in such an environment, and as a result, we see them thrive. Our graduates are equipped both academically and personally to navigate life after Browne Academy with confidence.

School Goals/Philosophy:

Bush Hill Day School (BHDS) is a church-related preschool for children ages 2 through 5 with a “learn through play” approach to education. Our school is a supplement to the home and a place where the young child can feel cared for, protected, and secure. Our purpose is to help children discover the joy of learning and to establish positive foundations on which to build their lives. To help achieve this goal, BHDS provides a pleasant environment, limited enrollment, experienced teachers, a curriculum tailored to the developing interests and abilities of each child, and a wide range of resources for instruction.

Other Information:

Car line offered for easy arrival and dismissal procedures. Enrichment classes offered through the year for the students of our 4-year-old classes. Snacks are provided by the school. No separate supply fee. Weekly music class provided for all age groups. In-house field trips are provided throughout the school year (i.e. Kids Nature Shows, Story Tellers, Magicians, etc.). Community-building family social events held throughout the year.

2026-2027 Open House: No Tours available by request; contact the director.

Registration Information: Open enrollment will occur twice annually in September and January. Admission for September is determined by June of each year. Admission for January is determined by October of each year.

School Goals/Philosophy:

At The Butterfly House, we believe children are capable, competent, and full of potential from birth. Our approach is Reggio Emilia – inspired and nature-based, blending emergent learning with meaningful experiences that encourage curiosity and discovery. We foster growth through exploration, creativity, collaboration, and self-expression, while teachers serve as co-learners and guides who observe, document, and create inspiring environments. Each child's individuality and learning style are honored, encouraging a love of learning that supports a smooth transition into school. Outdoor exploration is an essential part of our program, providing children with opportunities to connect with nature, develop problem-solving skills, and engage their senses in meaningful ways.

Our mission is to create a safe, nurturing environment where children freely explore, make choices, and build essential skills, social, emotional, cognitive, and problem-solving that prepare them for the future. Families, staff, and community are valued partners in this process, and teachers are supported with

ongoing professional development. In all we do, our goal is to cultivate a warm, creative, and inclusive space where children, families, and educators thrive together.

Other Information:

Priority enrollment is given to Virginia Theological Seminary (VTS) students and employees, as well as Episcopal High School (EHS) employees. Children of families outside VTS or EHS are considered Community Status.

Community Status enrollment is offered on a yearly basis (September–August) and is finalized once placements for current and incoming VTS and EHS families have been determined. Future enrollment for Community Status children is not guaranteed. Families will receive at least 60 days’ notice if their enrollment eligibility changes. While priority is given to VTS and EHS families, every effort will be made to retain all families in our school community.

We offer a five-week summer program. Children 2 years old and younger may attend the first session. Children 3 years and older should make alternative arrangements for this session. The second session is open to children of all ages. During the first session, teachers work on a rotating schedule. Summer camp runs from 8am to 5pm.

School Goals/Philosophy:

At Children's International School, we follow the Reggio Emilia approach, a child-centered philosophy that encourages children to explore, create, and learn through hands-on experiences. This approach fosters curiosity, independence, and collaboration, helping each child discover and express their unique voice. Our program is also holistic, addressing not only the academic but also the emotional, social, and physical development of each child. This ensures that every aspect of their growth is nurtured in a supportive, enriching environment.

We would be delighted to welcome you for a tour at a time that's most convenient for you. During your visit, you'll have the opportunity to meet our dedicated and experienced teachers – many of whom have been part of our CIS family for 10 to 30 years. You'll also get to experience the warm, nurturing environment that makes our school so special.

Other Information:

We expose our children to Spanish and other foreign languages. Children receive ongoing exposure to other cultures and learn about other parts of the world. Students engage in history lessons learning about important figures and their contributions to the world.

Registration Information: Enrollment for eligible families begins January/February prior to the start of the school year in the fall. Waitlist applications are accepted anytime.

School Goals/Philosophy:

Our program provides a creative environment that nurtures the social, emotional, physical and intellectual development of each child. Highly qualified teachers engage children in developmentally appropriate activities that are directed by the children's interests and needs. Learning is fostered through exploration and play. In our multi-age setting, children learn to become members of a community while developing independence and social skills. Openness goes beyond the physical environment of the classroom and playground – responsive teachers encourage the children to develop social awareness, creativity and problem solving skills.

Other Information:

CCCC is a parent-cooperative school. This structure provides all parents – including those who work full-time outside of the home – opportunities to be involved in CCCC. As a member of our parent cooperative, you have a voice in school decisions and policy making. Moreover, you become part of a support network that includes parents with shared interests and concerns as well as teachers who are educated in child development and parenting skills. CCCC's parent cooperative structure allows you to participate strongly in your child's education.

School Goals/Philosophy:

Crystal City Children's Center provides professional childcare and education to young children with a philosophy that emphasizes the importance of learning through play. Activities are consistent with the social, emotional, cognitive and physical development of the child. Teachers plan and carry out daily lesson plans for their classroom's age group around a weekly topic. Science, cooking, reading and math readiness—as well as art, music and dramatic play—are incorporated into the curriculum.

Other Information:

We believe children deserve a safe, clean, and supportive environment in which to grow and learn. A positive self-image that fosters satisfying personal relationships, individuality and self-expression is valued and encouraged in children. Children must be given the opportunity to grow and learn at their own pace, while learning to play and develop a favorable attitude toward learning as part of our Center family. The day is a combination of planned activities and playtime. Children are encouraged to participate in the program at their own level of development. We support a warm, secure, and rich environment in which children are encouraged to develop a love of learning.

School Goals/Philosophy:

The school's mission is to create a carefully prepared learning environment that will nurture the spirit of the child, guiding each along a path to reaching his/her full learning potential. We achieve this through:

- Providing a safe, stable, and academically stimulating environment for children guided by the principles of the Montessori method of education as supported by the Association Montessori Internationale (AMI);
- Fostering the child's innate curiosity and strong desire to learn through the implementation of a curriculum that is scientifically based on the development of the child;
- Helping each child develop independence, self-motivation, independent thinking, confidence with character, and a strong sense of community;
- Fostering a joyful, lifelong love of learning;
- Cultivating parent and community involvement to support the growth and development of children in a collaborative effort with the school.

Other Information:

A non-profit Montessori School located in the quaint Del Ray neighborhood of Alexandria, we are associated with and recognized by AMI/USA (Association Montessori International). We value providing a true, high-fidelity Montessori education for children. Founded in 2011, we serve children aged 18 months to 12 years and their families in the DC metropolitan area. Extended care is available!

We invite you to learn more about our school by registering for an Inquiry Call. During our 30-minute call, we can discuss our school, Montessori Education—what makes it special, and your child and family's needs.

School Goals/Philosophy:

Fairlington Preschool is a play-based, family-centered, inclusive community. Our goal is:

- To provide children with active learning experiences that facilitate cognitive, social-emotional, and physical growth through the use of our developmentally appropriate HighScope curriculum.
- To create inclusive classrooms where diversity is treasured and children with differing needs, abilities, and backgrounds learn and grow together.
- To offer parents the opportunity to be actively involved in their child's learning and growth, to work as a team with teachers, and become effective, life-long advocates for their children.
- To be a model for inclusion and play-based education to all in our community.

Other Information:

Our teachers implement the HighScope curriculum - a research-based & play-based approach that engages children in active learning and focuses on the whole child, ensuring that all aspects of their development are supported. Curiosity, persistence, and creativity are promoted. Children develop strong problem-solving, decision-making, and social skills in addition to their academic skills.

We offer low child-to-teacher ratios in our classrooms, with an additional Floating Teacher and a Recreational Therapist on staff. We love spending time outdoors on our expansive playground with its winding nature trails and learning logs. We have a school-wide library program, and incorporate music and movement activities into our daily classroom routines. As an inclusion preschool, we also partner with Playworks Therapy to provide reduced cost Speech, Language, Physical and Occupational Therapy services on site. We are a participating provider for both the VA-ECC state subsidy and Child Care Aware military subsidy programs.

School Goals/Philosophy:

At the FBCC CDC, we believe young children learn best when they have an opportunity to practice their intellectual, physical, and social skills every day through activities of their own choosing during long periods of uninterrupted time in an environment carefully planned and prepared by qualified, experienced as well as highly and continually trained early childhood professionals. Learning through play, often referred to as a child's work, is a term used in education and psychology to describe how a child can learn to make sense of the world around them. Through play, which is their work, children can develop social skills, mature emotionally, engage in, practice and master physical as well as cognitive

skills and concepts while gaining the self-confidence required to engage in new experiences and environments.

The FBCC CDC is dedicated to the task of laying a foundation of social and emotional resilience and well-being that will contribute to a child's lifetime love of learning, academic achievement and success in life contributing to society in which we love mercy, know and do justice and walk humbly with our God is not a possibility, but a reality. At the FBCC CDC there is a place for everyone, there is space for everyone, and there is grace for everyone.

Other Information:

The natural world provides us with everything we need to survive and thrive: food, water, medicine, and materials for shelter. The FBCC CDC is committed to the continued development of its Environmental Education Programming. The vision of FBCC CDC's Environmental Education programming is to, through supporting all aspects of growth and development, lay a strong foundation for children to become happy, healthy, resilient, kind, critical thinkers, who will, as adults, contribute well to the natural world around them both locally and globally as we know the children in our care are the next generation of environmental stewards. Nature Discovery is an environmental education/nature based program offered weekly at the FBCC CDC.

During the 2025-2026 care and early learning year the FBCC CDC is piloting dual language (Spanish) programming.

Extra-Curricular opportunities in gymnastics with Power Tots and dance/ballet with the Virginia Dance Conservatory.

The FBCC CDC opened its doors to warmly welcome children to their 'home away from home' in September of 1969 as a non-profit ministry and mission of the then First Baptist Church of Clarendon.

Does the School Provide for Children with Special Needs: Enrollment for children with special needs is considered on an individual basis and is dependent on the specific needs of the child and the resources available.

Tuition: 2025-2026 rates range from \$550 – \$665. The 2026-2027 school year rates have yet to be approved.

2026-2027 Open House: Yes Contact the director for details.

Registration Information: January & February 2026

School Goals/Philosophy:

At the preschool, lessons and activities are designed around children's individual differences and learning styles. Within a structured framework, children have the freedom to explore and learn through play and meaningful interactions with teachers and peers. Teachers guide learning by providing developmentally appropriate activities in large groups, small groups, and learning centers, all connected to a specific unit of study. These hands-on opportunities allow each child to grow mentally, physically, spiritually, socially, and emotionally at his or her own pace. In addition, children are given opportunities to learn about God, Jesus, the Bible, church, family, nature, self, and others, and to participate in age-appropriate experiences that nurture both faith and learning.

Other Information:

Each child has the opportunity to: Investigate and be curious about the world God created; Learn to reason, make choices, think, talk, and communicate; Enjoy reading and writing, sparked by his or her natural curiosity to learn; Discover and use basic mathematical concepts and skills in everyday life; Participate in art and music activities with creativity and joy; Begin to learn and remember Bible thoughts and verses; Experience the truth of God's Word in meaningful ways.

Registration Information: Application deadline is January 15, 2026.

School Goals/Philosophy:

At Grace, we believe children learn best through play and encourage young minds to develop at their own pace. Our early childhood classrooms feature child-centered, hands-on activities in a warm, nurturing environment. Students learn about the world around them through stories, songs, rhyming activities, arts and crafts, games, dramatic play, and peer relationships. There is a strong focus on social-emotional development. We strive to help our students learn about and regulate their emotions, with the ultimate goal of establishing positive connections with peers and adults. Preschool and jr. kindergarten students enjoy two recesses each morning to play and explore outside on Grace's two playgrounds where they can run, climb, jump, swing, play in the sand, and enjoy the outdoors.

Other Information:

The Preschool and Jr. Kindergarten classes meet five days a week. Age requirements: students must be 3 years old by September 1 to apply for preschool and 4 years old by September 1 to apply for Jr. Kindergarten. Afterschool clubs are offered seasonally. Students receive speech, vision, hearing, and occupational therapy screenings.

Registration Information: Rolling admissions, with tour sign-up available at nestars.net.

School Goals/Philosophy:

Northeast Stars Montessori Preschools are distinct in being a professionally run preschool with an eye to individualized attention. The "every child is the same" technique does not apply within NES walls. NES prides itself on its ability to adapt to changing times, and it shows in how teachers and staff respond to parents and children. Every child is a learner unto himself, and NES teachers are confident in their ability to engage each child successfully.

Other Information:

We have 20 years of experience with three locations (Washington, DC, Alexandria, VA, Nashville, TN), and multiple Montessori-certified teachers and training programs within our STARS Montessori & Educational Group. We offer the most flexible preschool options to build your personalized preschool package to meet your family's needs. We have 9-month or 12-month school year options; 5-day, 3-day or 2-day options with traditional school day schedules or an extended day schedule; meal options; drop-in care for those on the 3- or 2-day schedules; drop-in extended care (use only on the days you need it); and afternoon play time for those only wanting a little socialization for your little one.

Our teaching staff are highly qualified, highly paid, and backed and trained by our nationally certified in-house Montessori Trainer and Consultant. Our teachers receive continual training both inside their classrooms and in our on-site training room.

We have an established Montessori curriculum that not only focuses on the academic but also focuses on the individual child and their needs, as well as cooperative and group play. Our Montessori-based curriculum reinforces that everything is related, showing the connection of topics across the five Montessori learning areas: Language Arts, Mathematics, Practical Life, Sensorial, and Geography/Culture. Our curriculum is available in book form for all parents, so they may follow along

with our daily activities. Our Montessori and STEM teaching styles are based on the concept of child-led exploration, which includes question-based and hands-on learning, critical thinking, open-ended exploration, and applying self-initiative. We use the Kriyo app in order to keep parents up to date with daily activities, and allow easy communication between teachers and parents. We also have a Facebook and Instagram page that has daily activities for STEM and Montessori work at home. Our schools have a dedicated phone line for parents to speak directly to the director and teachers. We have associations and alliances with local physical, speech, occupational, and medical therapy medical groups.

Northeast Stars has a few remaining spaces for the 2025-2026 school year! Northeast Stars Montessori and Southern Stars Preschools (part of the STARS Montessori Group) are distinct in being professionally run preschools with an eye to individualized attention in a warm, friendly setting. Our beautiful, large Montessori classroom(s) feature the smallest amount of preschool students while still having the same number of professionals per child.

School Goals/Philosophy:

Pinecrest School is committed to providing a positive social and emotional environment for student development. The school provides an atmosphere that bolsters self-confidence and equips its students with the cognitive skills necessary to undertake and succeed in rigorous academic pursuits throughout their lives. It strives to reinforce basic values such as honesty, integrity, respect for others, and an appreciation for diversity.

Family involvement in the Pinecrest educational experience, low student-teacher ratios, caring and committed teachers, and a cohesive school community combine with a rigorous educational program to foster the development in students of high self-esteem, independence, responsibility, and an eagerness to meet challenges. Our ability to meet the individual needs of children, in close consultation with their parents, enables each student to grow academically, socially, and emotionally at their own pace within a nurturing and supportive educational environment.

Registration Information: December 9, 2025 to February 27, 2026

School Goals/Philosophy:

Fred Rogers famously said that “play is serious learning”. At Saint Clement, the children are engaged and having fun throughout the day, so they are not even aware of all the learning that’s occurring as they play. The core tenet of the Saint Clement preschool program is love. The teachers love what they do, the children love school and develop a love of learning. Saint Clement strives to build a strong community where the children, families, and staff feel supported and valued. We strive to prepare confident, well-equipped children with the skills to transition smoothly to future settings.

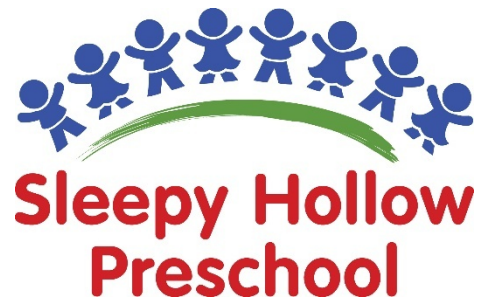

Other Information:

Children at Saint Clement look forward to various enrichment classes each week! We all come together for a Chapel service on Wednesdays and classes meet for Songs and Stories class, Social Emotional Learning class, and Ready Set Gymnastics each week.

Registration Information: 2026-2027 applications accepted starting January 2026. Rolling admission.

School Goals/Philosophy:

Since 1949, children from all over northern Virginia have been learning through play at Sleepy Hollow Preschool. We are an inclusive, half day, private, non profit 501(C)(3), parent cooperative early childhood program serving children ages 2 to 5 years.

Children enjoy substantial time outside in all weather, playing on our natural playground or exploring the expansive grounds of the property. Our emergent curriculum fosters hands-on exploration, asking questions and figuring out the answers through trial-and-error learning, risk-taking, and self-appraising. We incorporate open-ended questions, prompts for success, support in building social connections and solving problems, as well as honoring child-initiated learning. Children leave SHPS with a positive attitude about themselves as competent in their world and are eager to explore and learn. They are able to sit in a seat, listen, follow directions, wait, take a turn, solve a problem, make amends, recover from disappointment, work independently, ask for help, make a friend, be a friend, try new things, and take risks!

Parents in our co-op program get to take part in their child's school experience, observing master teachers, seeing other children and parents, and enhancing their parenting skills. We welcome you to come and see us learning through play Sleepy Hollow Preschool!

School Goals/Philosophy:

We place a strong emphasis on Social/Emotional Development and know that when a child feels safe, secure, self-confident and cared for, they are best able to learn. Optimal learning occurs when children actively participate in their education.

St. Aidan's provides a stimulating environment through hands-on, interactive, play-based activities, developmentally appropriate for young children. Our teachers create an environment that stimulates growth in all of the developmental areas (Social/Emotional, Gross and Fine-Motor, Communication and Cognitive Development). We pride ourselves on meeting children where they are and moving them forward at their own pace. Curriculum goals have been developed at each age level based-on Virginia Early Learning and Development Standards and NAEYC guidelines for developmentally appropriate practice. In addition, the Pre-K and JK classes incorporate the "Learning Without Tears" handwriting program into their curriculum. The multi-sensory approach engages children through audio, visual and kinesthetic experiences. This program uses interactive tools to sharpen fine-motor development.

Other Information:

In addition to the classroom curriculum, students participate in chapel, movement, music, and library.

2026-2027 Open House: Yes Sun, Jan 11, 2026 1:00-3:00 pm

Registration Information: Registration opens Monday, January 12, 2026.

School Goals/Philosophy:

Tauxemont Cooperative Preschool provides a play-based curriculum in a nature-focused environment. Our curriculum is a blend of different philosophies – Montessori, Reggio, and HighScope. Lessons follow the seasons. In the Fall, children learn about the weather changing and about the leaves turning colors and falling from trees. In the Winter, lessons center on ice, snow, and hibernation. In the Spring, children learn about flowers, grow plants, see butterflies emerge from cocoons, and watch chicks hatch from eggs. Lessons are reiterated through different means (story, art projects) and revisited to help concepts sink in. There is also a focus on open play. This includes opportunities for the children to choose what they would like to do and explore.

We believe preschool should allow children to:

- Discover that school is a happy place, that learning is fun and rewarding, and that teachers are understanding and stimulating human beings.
- Learn how to work and play successfully with other children.
- Learn to develop their own skills, talents, and interests, and to expand each of these to the fullest extent.
- Develop a sense of personal worth and an understanding of the needs and rights of others.
- Develop a sense of excitement and interest in the world in which we live and an eagerness to learn more.

How Tauxemont Cooperative Preschool fosters child development:

- Provide a wide variety of activities geared to the proper age and skill level of the children.
- Emphasize personal standards and pride of achievement and encourage the child to recognize that the process is as important as the product.
- Encourage arts in addition to crafts, and dramatic and creative play in addition to organized games and activities.
- Consider individual needs and different rates of development in children along with the aims of group activity and socialization.
- Recognize that the most desirable discipline is self-discipline, and that encouragement and consistent standards are more effective than punishment in the development of self-discipline.
- Offer a developmentally appropriate program with little use of formal devices, drills, and competitive learning.

Other Information:

Our classes are specifically arranged in half-years and structured so children may become familiar with new children each year. Age determinations are based on Sept 30th of the new school year.

- 2 Day (Tuesday, Thursday) 3's, 12 students, 2.5- and young 3-year-olds, Downstairs Class: 9 - 11:45 am
 - 3 Day (Monday, Wednesday, Friday) 3's, 12 students, 3-year-olds, Downstairs Class: 9 - 11:45 am
 - 4 Day (Monday - Thursday) 3/4's, 12 students, 3.5- and young 4-year-olds, Downstairs Class: 1 - 4 pm
 - 4 Day (Monday - Thursday) 4's, 14 students, 4-year-olds, Upstairs Class: 1 - 4 pm
 - 5 Day (Monday - Friday) 5's, 16 students, older 4- and 5-year-olds, Upstairs Class: 8:45 am - 12 pm
- * The above schedule is for the 2025-2026 school year.

Tauxemont Cooperative Preschool has been around for almost 80 years. Our staff completes ongoing education as part of our National Association for the Education of Young Children certification. We are one of only three schools in Northern VA with this accreditation.

The Tauxemont learning experience encourages parents to participate with their children during this major step away from home. The interaction between parent, child and teacher is something quite rare and special. The cooperative experience includes three key parent responsibilities – work in the classroom, an annual job, and Saturday Work Sessions. Anyone can help work in the classroom – mom, dad, grandparent, caregiver: they just need a background check and TB test. The annual job is based on a survey of skills and interests and what works for your family. Saturday Work Sessions (2/year) help keep tuition costs low and allow families to contribute to the maintenance and upkeep of the school. Some unexpected benefits of the cooperative experience are a feeling of close community, meeting families going through similar stages in life with young children, and friendly, collaborative gatherings that are fun and social because we get to know one another as we work together.

Our philosophy is that children are best understood and supported in the context of family, culture, community and society, and we respect the dignity and uniqueness of each child, family member, and colleague. We strive to serve through faithful care of our children, and by seeking opportunities to connect with our community. We celebrate diversity and extend hospitality and respect to all. We subscribe to the Creative Curriculum, which is theory and research based on young children's basic needs, supporting each child's social-emotional development, and supporting cognition and brain development. Our program's goals include the following:

- Provide an environment that supports the growth of the whole child in developmentally appropriate ways.
- Help children learn respect for themselves, each other, and the world around them.
- Foster creativity, exploration, self-discipline, and a love of learning.

School Goals/Philosophy:

Our half-day, cooperative program offers a play-based curriculum that focuses on sensory exploration, music, movement, art, science, and discovery. We believe in child-centered learning and encourage our students to explore their interests and environment. We value the importance of time spent outdoors where children can play and learn in a natural setting.

Other Information:

Expansive outdoor space includes: enclosed large playground with sandbox, tire swing, climbing structure, mud kitchen and playhouses, eating areas, trike area, paths for nature walks.

What does it mean to be part of a co-op preschool? As a co-op member, you volunteer in your child's classroom once or twice a month. On your co-op day, you arrive at 8:30 am to help teachers set up and prepare special projects. During the morning, you assist teachers with projects, play with children, and read books. You also support children with self-help skills. After school, co-op members help clean up. Being part of a co-op connects participating families, forging lasting friendships and support networks.

School Goals/Philosophy:

At Washington Street Preschool, we offer a joyful, half-day program for children ages 2 to 5, where learning is driven by curiosity, creativity, and care. Our small class sizes, loving teachers, and sunny, spacious classrooms create a nurturing space where children feel safe to explore, play, and grow. Our play-based approach is guided by the Creative Curriculum goals and objectives, grounded in the power of play – especially dramatic play – to inspire big thinking, strong language skills, empathy, and real-world understanding.

Other Information:

Washington Street Preschool offers weekly music and movement classes, bi-weekly Science Seed classes, and a monthly chapel focused on “Learning to Live Lovingly.” To give children a wide range of experiences, we partner with community programs including a local nature center, aquarium, museum, magician, musicians, and even a chick-hatching project. Students also take walking field trips around Old Town, such as story time at the Queen Street Library and visits to the fire station and post office, helping them explore the world beyond the classroom.

At WSP we are grateful for our experienced, compassionate team of teachers, many of whom are former parents who have a deep love and understanding of our program. Teachers hold a Bachelor’s Degree, are CPR/First Aid Certified, and are required to pass both a national Criminal Record check and a Virginia Child Abuse and Neglect Registry check. Additionally, multiple staff are MAT trained and able to administer prescription medications.

Registration Information: February 13-24, 2026; Announcement date is February 27, 2026;
Commitment date by families is March 6, 2026.

School Goals/Philosophy:

Philosophy: Westminster Weekday Preschool's program is a developmental program that encourages children to grow socially, emotionally, physically, and cognitively at their own pace. Our curriculum is based on an understanding of how children grow and develop, and how they learn and attempt to make sense of the world around them. Our belief is that children acquire this knowledge about their physical and social worlds through play and interaction with other children, adults, and objects.

Purpose and Scope: Westminster Weekday Preschool admits students of any race, color, national, and ethnic origin, and children with special needs, to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. As an integral part of the educational/formation ministry and community outreach of Westminster Presbyterian Church, the preschool celebrates traditional Christian holidays while also welcoming the opportunity to learn about other faith traditions and holiday celebrations. The preschool strives to provide a rich variety of experiences for our students. By sharing customs and ideas, traditions and meanings, we promote understanding and acceptance of each other.

The preschool emphasizes the importance and uniqueness of each child and provides an environment in which each child is accepted, nurtured, and encouraged to grow to their full potential. The preschool's goals are to establish a model educational program for the children who attend, to emphasize a developmental approach to early childhood education, and to meet the needs of a socially, racially, and economically integrated group of children and parents.

Other Information:

- WWP has been a well-loved preschool in the City of Alexandria since 1975. The majority of the staff members have worked at WWP for 5-38 years! Our classes spend up to 90 minutes a day outside.
 - WWP uses Conscious Discipline, a brain-science based, social-emotional intelligence program.
 - WWP participates in many community service activities in which the children can be involved along with their families. We have weekly music classes, fun assemblies with outside guests, and gardening days to take care of our garden.
 - We have a floater who helps in all classrooms, and an occupational therapist who provides weekly lessons incorporating fine and gross motor skills, mindfulness, sensory-integration, and self-control.
 - Potty-training not required.
 - Large, bright classrooms with tall windows!
 - Large parking lot for easy parking.
 - Large, fenced-in playground designed as "centers" (swinging, climbing, sand...); water table and "car wash" for hot days; gardens with native plants.
-
- We like to play in the light rain and in snow, but an indoor gross motor room is available for very inclement weather!
